SUMMARY

Final-year B.Tech Computer Science student with a strong interest in cybersecurity, complemented by hands-on experience in full-stack development. Skilled in frontend technologies like Next.js and React.js, and backend development using Node.js, Express.js, and MongoDB. Proficient in building responsive interfaces, developing RESTful APIs, implementing secure authentication, and writing scripts for automation and problem-solving.

EDUCATION

Institution	Course / Details	Duration	Score
Integral University, Lucknow	Bachelor of Technology in Computer Science and Engineering	2022 – 2026	70%
Green View Public School, Bhadohi	(Class XII) — Physics, Chemistry, Mathematics	2021 – 2022	73%
Green View Public School, Bhadohi	(Class X)	2019 – 2020	78.9%

SKILLS

Programming Languages: Python, JavaScript, C
Cybersecurity: Web Hacking, OWASP Top-10, Cryptography, Web Pentesting
Web Technologies: HTML, CSS
Frameworks & Libraries: React.js, Next.js, Node.js, Express.js
Tools & Platforms: Git, GitHub, VS Code, Postman, Burpsuite, Canva

EXPERIENCE & CERTIFICATIONS

Backend Developer Intern Lucknow, India

Shuttr Troops LLP *june 2025 – sept 2025*

- Developed backend services using Node.js and Express.js for scalable web applications.
- Designed and implemented RESTful APIs for efficient client-server communication.
- Worked with MongoDB for database design, queries, and performance optimization.

Web Development Intern Remote

Sukhanvar Studio *oct 2025 – dec 2025*

- Worked on Shopify-based website development and customization.
- Assisted in improving UI layout and product page presentation.

Bug Hunter Remote

Bugcrowd *feb 2025 – dec 2025*

- Identified and reported security vulnerabilities in web applications.
- Performed testing aligned with OWASP Top 10 vulnerabilities.
- Documented findings with clear reproduction steps and impact analysis.

Python Certification Online

IBM *2023*

- Completed certification covering Python fundamentals, data structures, and problem-solving.
- Applied scripting for automation and basic application development.

PROJECTS

Personal Portfolio Website <i>React.js, TailwindCSS</i> Live	2026
• Developed a personal portfolio website to showcase projects, skills, and experience. • Designed a clean and responsive UI using React.js and TailwindCSS. • Structured content to highlight development and cybersecurity work effectively.	
Memento – Your Private Space <i>Full-Stack, Secure Auth</i> Live	2026
• Developed a secure personal memory and notes management application with a strong focus on user privacy. • Implemented secure authentication and access control to minimize data exposure. • Designed system with security-first principles to protect sensitive user information.	
Secure Auth Backend <i>Node.js, JWT, Firebase</i> GitHub	2025
• Built a security-focused backend authentication system using JWT and Firebase. • Implemented CSRF protection, rate limiting, and input validation. • Strengthened application security against common web vulnerabilities (OWASP Top 10).	
SubEnum <i>Python, Automation</i> GitHub	2025
• Developed a Python-based subdomain enumeration tool for reconnaissance. • Extracted subdomains from wildcard scopes to assist in information gathering.	
OneRecon <i>Python, Automation</i> GitHub	2025
• Built a Python automation tool combining multiple reconnaissance techniques into a single workflow. • Reduced manual effort and improved efficiency in security testing processes.	
Sukhanvar Studio Website <i>Shopify, Frontend Optimization</i> Live	2025
• Developed an e-commerce website for a lifestyle brand using Shopify. • Managed product display, content flow, and UI layout for better user experience. • Optimized frontend performance and responsiveness across devices.	

ACHIEVEMENTS

- Event Anchor, Free Fire Max Community Showdown 2025** — Hosted and managed live event flow, engaging the audience and ensuring smooth coordination throughout.
- Lead Coordinator, Escape Room Event – Fiesta 2025** — Led planning and execution of the event, managing teams and ensuring seamless participant experience.
- Coordinator, TechFront 2025** — University Technical Fest; coordinated event planning and execution, worked with multiple teams, and ensured smooth on-ground operations.
- Winner, University-Level Singing Competitions** — Secured wins in multiple singing events, showcasing performance skills and stage confidence.
